

**Under 35?
Positive?**

As a younger HIV+ person you may feel an added sense of isolation because of your age.

Y+ is a group run by Body Positive solely for those under the age of 35, giving younger people a safe and comfortable environment in which to socialise and connect with other people around your own age.

The group meets on average once a month at Body Positive House in Auckland, usually on the first Sunday of each month, and is hosted by **Karen Richie** from the Cartier Charitable Trust.

The format of each meeting is left open but is always relaxed and social and able to adapt to the direction the group would like to take.

Where: Body Positive House
